TEAM

premium

Premium is a versatile ergonomic office chair that adds an element of sophistication to today's work environment. This chair quietly serves, rather than drawing attention to itself. With its combination of detail and workmanship, allowed user to realize Premium's calm and refined design.

# ATTENTION AT EVERY DETAIL

Premium is a hardworking office chair designed to handle long hours of serious sitting. It inspire new seating solutions, each expressed with uncompromising quality, craftsmanship and sustainability.

Work happens in many places,  
choices for seating are abundant with  
Premium – a complete global family  
of task and guest chairs that are as  
nice to look at as they are to sit on.

# CALM & REFINED DESIGN

1. Seat Slider

2. Mechanism

### Aluminium Armrest

Die-cast polished finish fixed aluminium armrest with upholstery armrest is designed for its visual aesthetics, durability and reliability. The top upholstery armrest provides soft texture and cushiony feel for a more comfortable resting of elbows. (Pic 1)

### Capping Finishing

Chrome capping finishing located at the bottom of the chair backrest enhances quality upholstery while adding elegant design to the contours of the backrest. (Pic 2)

### 5 Pronged Base

5 pronged base in die-cast polished aluminium finish, generated by highly sophisticated ambience to provide strong stability. (Pic 3)

### Nylon Castors

60mm nylon dual-wheel castors are designed for smooth gliding and also reduce floor scratches. (Pic 4)

### Adjustable Seat Depth / Slider Mechanism

Using a simple lever under the seat, user can easily adjust the depth of the seating to accommodate his sitting preference and comfort. (Pic 5)

### Self-Weight Tilting Mechanism

Self-weight adjustment synchronized mechanism with 3 tensions level adjustable knob and multi-locking system designed to adapt your body weight automatically. (Pic 6, 7)

### Height Adjustable Pneumatic Cylinder

Imported heavy duty pneumatic cylinder designed with safety and durability features, allows for height adjustment of the chair to suit each user's physique. (Pic 8)
